

Who We Are ...

Safe Haven Maternity Home is a nonprofit organization established in 1992 to provide a safe home environment that inspires and provides resources to pregnant women and mothers with babies in crisis.

Over the last 30 years, Safe Haven has helped **over 900 women and babies**. Our services extend to all women regardless of race, ethnicity, religion, mental or physical challenges or inability to pay.

“Safe Haven gave me an opportunity to grow not only as a person, but as a mother too.” -Amber

“The only mom my son knows is the loving, sober mom he met at Safe Haven. This organization saved my life and helped mold me into the person I am today.” -Kendra

“Safe Haven not only showed me the true meaning of family, but gave me the self worth to be able to raise my daughter on my own” – Lynn

OUR PROGRAMS

*Providing a safe haven,
pathway to stability, and a
hope for a better future.*

What We Do...

Safe Haven's goal is for every resident to successfully transition from living in the Safe Haven home to independently living in her own home as a successful parent and contributing member in her community.

LIFE SKILLS PROGRAM

Through over **five different diversified classes**, mothers grow more knowledgeable and strengthen their path to independence. Classes may include job preparedness, economic stability (financial classes), personal growth, parenting development, and self care. Counseling is also available along with addiction recovery support.

TRANSPORTATION PROGRAM

One main contributing factor to inadequate prenatal care is the lack of reliable transportation. **Safe Haven provides our mothers and babies with access** to any medical appointments, pre-natal and follow-up care, legal appointments, school, work, community agency resources, recovery meetings and shopping.

“Safe Haven gave me a place to turn my life around. They fought for me when I could not. They helped me create a new future for myself.”
-Shawna

RESIDENCY PROGRAM

Safe Haven provides a safe home environment for up to 8 women and 8 babies at a time. Each mother's immediate basic needs of food, shelter and safety are met. The home has staff 24 hours a day, 7 days a week to provide supervision and support. Individualized care plans are created in order to successfully meet the specific diverse needs of each individual woman. **The goal is to ensure each mother can create a successful fresh start for herself and her child.**

HEALTHY LIFESTYLES PROGRAM

It is essential that residents are equipped with the tools needed to maintain a healthy lifestyle before they leave Safe Haven. To this end, **Safe Haven offers hands-on opportunities** to learn about healthy meal planning and prep, nutritional needs, and exercise. Residents even have the chance to grow their own food.

AFTERCARE PROGRAM

When a mother has successfully completed the Safe Haven Program, support is provided for her to locate affordable housing, obtain employment, find safe child care and any other needed support as she transitions into independent living. **The after-care program is personalized to support each person's individual needs** including personal counseling, access to our resource closet, and ongoing mentorship. We also provide a clothing closet for families in our community to receive help when they are in need.
